

**TOOLHOUETTE CORNER TARGET**

**TL-0**

Place this sheet at the TOP-LEFT corner

Keep the white border around the black square clear.

**PRINT AT 100% / ACTUAL SIZE - turn OFF "Fit to page"**

Lay the four sheets flat around the item in a rough rectangle: TL and TR above, BL and BR below.  
The item lies flat, fully inside the four targets. Shoot straight down from overhead with even light.

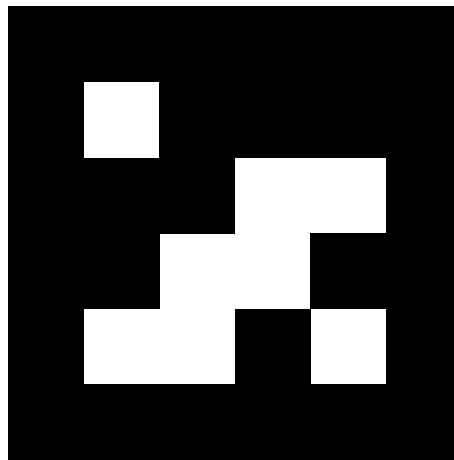

Measure this bar and the black square (60 mm per side). If they are off, reprint at 100%.

**TOOLHOUETTE CORNER TARGET**

# TR-1

Place this sheet at the TOP-RIGHT corner

Keep the white border around the black square clear.

**PRINT AT 100% / ACTUAL SIZE - turn OFF "Fit to page"**

Lay the four sheets flat around the item in a rough rectangle: TL and TR above, BL and BR below.  
The item lies flat, fully inside the four targets. Shoot straight down from overhead with even light.

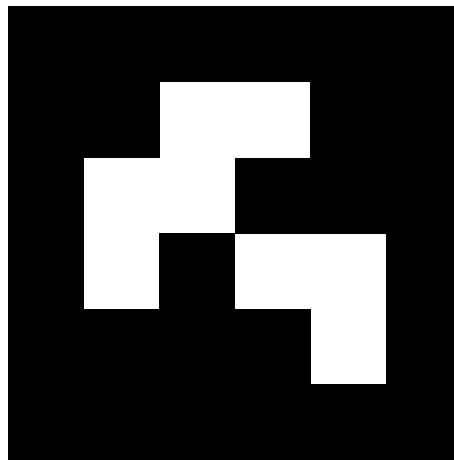

Measure this bar and the black square (60 mm per side). If they are off, reprint at 100%.

**TOOLHOUETTE CORNER TARGET**

# BR-2

Place this sheet at the **BOTTOM-RIGHT** corner

Keep the white border around the black square clear.

**PRINT AT 100% / ACTUAL SIZE - turn OFF "Fit to page"**

Lay the four sheets flat around the item in a rough rectangle: TL and TR above, BL and BR below.  
The item lies flat, fully inside the four targets. Shoot straight down from overhead with even light.

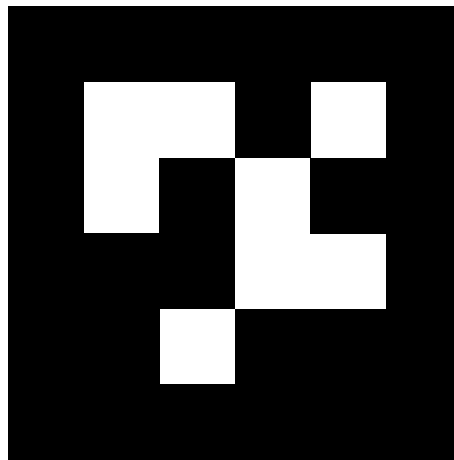

Measure this bar and the black square (60 mm per side). If they are off, reprint at 100%.

**TOOLHOUETTE CORNER TARGET**

**BL-3**
